communication with a comment and a click

Electronic Prototype User Test Run Sheet for Testers

Task 1:
- Instruct the users to log into EduBoard.

Additional Task for Electronic Prototype 2: *(Note: only ask teacher users to complete this task)*

Task 1:
- Ask the user to create a board.
- Instruct users to add the following parents to Board 1: jsmith@parent.com, hmorgan@parent.com and Jason Jones.

Task 2:
- Ask the user what they believe a "Board" and a "Topic" is.
- Instruct the user to identify how they would comment on a particular document or article.

Task 3: *(Note: only ask teacher users to complete this task)*
- Ask the user to upload a new document to Board 1.

Task 4: *(Note: only ask teacher users to complete this task)*
- Ask the user to share a new article to Board 1.
- Ask the user to share this link https://www.thoughtco.com/principles-of-counting-2312176 and to post the comment "Useful for teaching counting."

Task 5:
- Ask the user to read all previous comments.
- Ask the user to comment on the document, "I'm so glad to hear it Mr Cameron."
